Forest Ecology and Management, 58 (1993) 357–358
Elsevier Science Publishers B.V., Amsterdam

Contents of *Forest Ecology and Management*, Volume 58

VOL. 58 NOS. 1–2 **APRIL 1993**

Some factors influencing the demand for gum arabic (*Acacia senegal* (L.) Willd.) and other water-soluble tree exudates
D.M.W. Anderson (Edinburgh, UK) 1
Needle area relationships of Scots pine in the Netherlands
A.F.M. Van Hees and H.H. Bartelink (Wageningen, Netherlands) 19
Past and prospective carbon storage in United States forests
R.A. Birdsey (Radnor, PA, USA), A.J. Plantinga (Berkeley, CA, USA) and L.S. Heath (Radnor, PA, USA) 33
Influence of feeding by *Zeiraphera canadensis*, the spruce bud moth, on stem-wood growth of young white spruce
A.L. Carroll, M.F. Lawlor and D.T. Quiring (Fredericton, N.B., Canada) 41
Development and testing of diameter increment models for mixed swamp forests of Sarawak
F.Y.C. Chai (Kuching, Sarawak, Malaysia) and V.M. LeMay (Vancouver, B.C., Canada) 51
Evaluating the impact of competition using relative growth rate in red pine (*Pinus resinosa* Ait.) stands
G.R. Larocque (Chalk River, Ont., Canada) and P.L. Marshall (Vancouver, B.C., Canada) 65
Damage caused by insects and fungi to eucalypt foliage: spatial and temporal patterns in Mediterranean forest of Western Australia
I. Abbott, P. Van Heurck, T. Burbidge and M. Williams (Como, W.A., Australia) 85
Residual variation in diameter growth in a stand of Scots pine and Norway spruce
J. Miina (Joensuu, Finland) 111
A volume equation for mangrove trees in northeast Brazil
J.A.A. da Silva, M.R.C.S. de Melo (Recife, Brazil) and B.E. Borders (Athens, GA, USA) 129
Temporal variation in foliar nutrient concentrations of pitch pine, loblolly pine and the pitch × loblolly hybrid
R.A. Rathfon, J.E. Johnson, J.A. Burger, R.E. Kreh and P.P. Feret (Blacksburg, VA, USA) 137
Soil properties and nutrient distribution in *Terminalia superba* stands of different age series grown in two soil types of southwestern Nigeria
A.P. Aluko (Ibadan, Nigeria) 153

Book Reviews
Water management 163
Mixed-species woodlands 164
Forest landscapes 166
Fire in Pacific Northwest forests 168
Rain forest ecology 169
Tropical forests in transition 170

VOL. 58 NOS. 3–4 **MAY 1993**

Long- and short-term effects of alternative cutting regimes on economic returns and ecological diversity in mixed-species forests
H.-C. Lu and J. Buongiorno (Madison, WI, USA) 173
The effects of site, stand density, and sapwood permeability on the relationship between leaf area and sapwood area in loblolly pine (*Pinus taeda* L.)
V.B. Shelburne, R.L. Hedden and R.M. Allen (Clemson, SC, USA) 193
Realised gains from breeding *Pinus pinaster*
T.B. Butcher and E.R. Hopkins (Como, W.A., Australia) 211
Nitrate leaching from a Sitka spruce plantation and the effect of fertilisation with phosphorus and potassium
P.A. Stevens (Bangor, UK), A.F. Harrison, H.E. Jones (Grange-over-Sands, UK), T.G. Williams and S. Hughes (Bangor, UK) 233
Socio-economic aspects of charcoal consumption and environmental consequences along the Dar es Salaam–Morogoro highway, Tanzania
G.C. Monela, A. O'Kting'ati and P.M. Kiwele (Morogoro, Tanzania) 249
Effects of partial overstory removal on the natural regeneration of a tropical forest in Quintana Roo, Mexico
P. Negreros-Castillo (Yucatan, Mexico) and C. Mize (Ames, IA, USA) 259
Five year vitality changes in an old-growth Scots pine (*Pinus sylvestris*) forest with a mixed and uneven-aged understorey
M. Zwieniecki and S. Tarasiuk (Warsaw, Poland) 273
Self-thinning line and *B*-point line of the yield–density diagram in a young birch stand
K. Kikuzawa (Hokkaido, Japan) 287
Effects of spacing on biomass distribution and nutrient content of *Tectona grandis* Linn. f. (teak) and *Terminalia superba* Engl. & Diels. (afara) in south-western Nigeria
B.A. Ola-Adams (Abeokuta, Nigeria) 299
Dynamics of size-variable distribution parameters in juvenile loblolly pine (*Pinus taeda* L.) stands
J. Liu and H.E. Burkhart (Blacksburg, VA, USA) 321
